EC Type-Examination Certificate

for the EC Type Examination according to the Directive relating to Personal Protective Equipment (PPE), Council Directive of December 21st, 1989 (89/686/EEC), Edition October 1993, modified by Council Directive 96/58/EC dated September 03rd, 1996, in its valid version.

Certificate No.:

56055-16 HH

Applicant/

Atomic Aquatics Europe GmbH

Authorised Representative:

Dieselstr.2

83043 Bad Aibling

Germany

Manufacturer:

Huish Outdoors LLC./Zeagle Systems Inc.

1540 North 2200 West

Salt Lake City, UT 84116, USA

Manufacturers designation

of the examined PPE:

Zeagle Respiratory Regulator - Onyx II, DIN (350-0320)

Description:

Demand Regulator consisting of

1st stage Zeagle - Onyx II, DIN

2nd stage Zeagle - Onyx II, DIN

EN Designation:

EN 250:2014 - Respiratory equipment - Open-circuit self-contained

compressed air diving apparatus - Requirements, testing and

marking

Classification:

Category III

Marking:

CE and the identification number of the Notified Body carrying out

the quality control of the PPE

Basis for Examination:

Basis for examination was the EC Directive 89/686/EEC and EN 250:2014.

Results of Examination:

The above mentioned PPE is in accordance with the basic requirements on health and safety described in Annex II of the EC Directive 89/686/EEC.

Accompanying Documents:

Test report No. 2015-046-P-01 by "DGUV Test" inclusive belonging drawings, technical file and operating instructions.

Remarks:

The Zeagle Respiratory Regulator - Onyx II, DIN has been tested and certified using compressed breathing air and must not be used with oxygen enriched gases. The Zeagle Respiratory Regulator - Onyx II, DIN has been tested and is certified for cold-water diving at water-temperatures of 4°C and higher.

The demand regulator must be completed with respect to the operating instructions to a diving apparatus according to EN 250 with components tested and certified according to EC Directive 89/686/EEC.

The pressure reducer of the demand regulator is secured against accidental alteration of the adjustable medium pressure by a temper mark.

This certificate is valid at the latest to $m{1}^{ ext{st}}$ September $m{2021}$. This certificate can be prolonged by DNV GL at request of the authorized representative if the PPE is still in compliance with the above mentioned EC Directive and applicable standards.
